

ELECTRICITY!

Activity Sheet on Electric Generations

d/r LexIcon, 2 October – 2 December 2017

An electrical object is anything that has to be plugged in to be used. Think about your day yesterday. What different electrical objects did you use? List as many as you can.

.....

.....

.....

.....

.....

.....

Your grandparents or great-grandparents might not have had electricity in their homes. Imagine what that would be like. What electrical objects would you miss the most?

.....

.....

.....

Some electrical objects used to look very different. This one was used in the 1940s, 70 years ago. It's on display in the library. Can you find it?

Can you guess what it was used for? The answer is at the bottom.

.....

.....

Answer: A bed warmer

Computers are another electrical object that used to look very different. This one is from 1980, 37 years ago. Think about computers, tablets, and iPads today. What is different about them?

.....

.....

.....

.....

.....

What do you think computers will look like in another 30 years?
Draw a picture.

Crossword

In this crossword, there are 8 electrical objects that most people have in their homes. See if you can find them. If you want clues, answers are at the bottom.
